

**Saturday, March 16, 2019**  
**10:00 am - 1:30 pm**

**Seeking educators interested in learning more about expanding the opportunities of Roundtop as an educational destination.**

- Student groups frequently travel to Gettysburg, Washington D.C., and Philadelphia for educational opportunities and Roundtop Mountain Resort would like to be a stop on their trip. Are you interested in designing curriculum for Social Studies, AP Physics, Art, Math, or other courses of study?
- On March 16 we'll hear from educators who have already created curriculum in use at Roundtop, and from the teacher who helped launch Hershey Park's curriculum. You will become a part of brainstorming the expansion of Roundtop's opportunities as an educational destination.
- If your curriculum becomes a part of the educational offerings at Roundtop, the cost for future field trips you lead will be discounted.

*Email Lutricia, [leberly@skiroundtop.com](mailto:leberly@skiroundtop.com) to RSVP for your spot on March 16, including lunch (and a lift ticket, if desired). Roundtop is located in York County, just south of Harrisburg, PA.*
